

Delivery specifications E-motionBox

Size: 115 x 145 x 30 mm

Download the document with the name
[‘Template E-motionBox.idml’](#) or
[‘Template E-motionBox.pdf’](#) for the layout of the E-motionBox.

- Create your design in the layer with the name ‘Artwork’.
- Deliver as a high resolution pdf file (pdf/x-1a-2001).
- The pdf file to be supplied consists of 1 page and has size 304x219mm.
- Overfill and cutting marks is not required.
- Possible photos at least 300 dpi.
- Converting text into outlines to eliminate fonts problems.
- Convert any Pantone colours to CMYK.
- **Please note:** If your design is finished and you export the file to pdf, please deactivate the layer named ‘Embossing mould’ so that the embossing lines of the envelope will not appear in the eventual pdf. Otherwise they would be printed as well.
